

### **Details**

Contract Name: Medicaid Eligibility Automation System

Contract Number: 1155

Supplier: Bluemark, LLC

Agreement Term: 6/1/18 – 5/31/20

### **About EASy**

Bluemark offers nursing homes a solution to help them with today's Long Term Care Medicaid enrollment process and to capture reimbursement dollars efficiently and effectively. Bluemark offers a dynamic, sophisticated and robust software package called EASy, which provides an end –to-end solution for the creation, submission and tracking of long-term care Medicaid applications.

Bluemark recently has added several new features to its already robust EASy platform, making it a comprehensive and cost effective solution. Key features include:

- Support for Medicaid applications across the New York metro region
- Functionality to permit New York City resident applications to be submitted directly through the City of New York Eligibility Data and Image Transfer System (EDITS)
- Simplified electronic creation and submission of Medicaid applications and documentation
- Real-time access to case disposition
- ePACES Eligibility Checks, providing faster access to eligibility information
- Critical Data Sharing with participating Nursing Homes using our Cross Provider Inquiry
- Additional advocacy support available with New York City Medicaid regarding the resolution of case issues
- New – Automatic signing of Medicaid Forms and Barcoded Bulk Scanning

Through its EASy solution, Bluemark also has been able to respond to the most recent challenges in the market with new functionality to help clients with the Asset Verification System, Deferral Extension Requests, and the Re-Application process through EDITS. With EASy, clients receive faster turnaround times on asset verifications with fewer bank deferrals, and more of their cases receive extension approvals.

### **Value to CCLCS Members:**

With Bluemark, CCLCS has negotiated pricing tailored for CCLC members, with discounts of up to 20% on the monthly licensing fee available to members (depending on the size of the facility). Members also receive the ePACES and Cross Provider Inquiry capabilities at no charge.

### **Requirements to Participate/Method to Access**

Interested facilities must be CCLCS members to access this agreement. A signed Participating Member Designation Form (PMDF) is required. For CCLC Solutions negotiated rates and terms, please contact the CCLC Solutions team at [cclcsolutions@cclcnny.org](mailto:cclcsolutions@cclcnny.org) . For more information, please contact the CCLC Solutions team or the following Bluemark contact:
